

Capital Camps: Football Camp Mission Statement

The mission of Capital Camps is to mentor children on the fundamentals of football in a non-aggressive fashion while maintaining a positive environment to stress the importance of perseverance, discipline, and fun. Creating friendships through good sportsmanship while learning basic football knowledge and increasing on-field skills will encourage young football players to take leadership initiatives in a comfortable and relaxed environment. Most of today's football programs are often extremely intense and very intimidating to beginner players. Capital Camps will provide an understanding teaching style to ensure campers are able to learn in an environment where they do not feel any pressure to perform. Our caring and supportive atmosphere urges players to train harder and be more enthusiastic about football exercises and new techniques to make them a faster, smarter, and overall better player. The goal of Capital Camps is to have your child leave the camp with a better understanding of football, great new friends, and an enthusiastic approach to sports and physical activity.

Football Camp Itinerary:

Monday

8am-9am - Before-care. Kids arrive and are signed in with counselor in gym. Kids are allowed to play with basketballs, dodge balls, boardgames, or any other relatively low key game that is in the gym area.

9am-9:30am - Introduction of counselors and the basis of the camp. Be sure to indicate specific rules and boundaries kids must follow and reiterate the fun focus of the camp.

9:30am-10:00am - Divide kids into four groups based on their ages and skill level in football to create equal groups. Each group is assigned a counselor and must choose a CFL or NFL football team of their choosing. Combine quiz then begins once teams are differentiated. Each team gets one guess on the best combine records and closest team will receive points. Use a slideshow.

10am-10:30am - Take kids outside to field where they will start their warm up. Run a lap or two and make a big circle where stretching will start. Once done, set up four lines and start high knees, kickbacks, zigzagging, shuffles...etc through cones. Once a good solid warm-up is attained a small relay race will occur. Participants run "In-out" leg relay with cones. Once done the combine testing can begin.

10:30am-11:30am - Combine testing. Be sure to give kids a good 10 minute break after warm-up. During break, talk to kids about the importance of a combine and the purpose of the testing in professional football. Outline different things kids will be doing during the drills.

The combine will be split into two parts...Half before lunch and half after lunch. To begin the first half the following four events will take place while teams rotate every 15 minutes: 40 yard dash, broad jump, 4-corner drill, catch and pass. Be sure to take note on each individual player and their stats for evaluation at the end of the week.

11:30am-12:30pm - Lunch...BBQ. Kids may play in gym or go out to the field or play structure with a counselor. This is down time and kids shouldn't spend too much energy during the hour.

12:30pm-1:30pm - Finish combine testing with the next four events: 10-yard dash, three-cone agility, Back pedal footwork, and ball response (reaction to ball).

1:30pm-4pm - Be sure to give a break to kids at this point. Kids must be divided by age group now. This time is more instructional. Kids are going to be tired after doing so much running. The next hour and a half is devoted to learning the passing tree and hand work. Proper cuts and routes should be taught. Ideally each child should memorize every pattern so when we start playing actual games the discussions in huddles will be easy. Catching techniques and hand placement and hip movement should be stressed. A game of "flinch" with the football is a great way to increase hand-eye coordination. A game of "ultimate football" can also be played to better catching skills. The coach may decide on any game to help hand work skills with his or her age group.

4pm-5pm - After-care. Kids are to stay in the gym be signed out by parents as they arrive to pick up their children. Be sure to remind parents of the next day's themed event of Team Color Day.

Tuesday
